

Jerusalem... where history meets science

Tuesday, September 06, 2022

Time	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9
07:15-08:15		Spine Occipitocervical Junction Surgery Masterclass	Neuro-Oncology Development of an Academic Brain Tumor Program	Trauma Spinal Cord Injury	Cerebrovascular Cerebrovascular Bypass - How I Do It?	Skull Base Pituitary Tumors	Pediatrics Controversial Indications of Endoscopy in Children & Pediatric Vascular Diseases	Peripheral Entrapment Neuropathy	
08:30-10:00		Spine & Trauma Spinal Cord Injury – State of the Science, State of the Art 2022	Neuro-Oncology Glioblastoma	Trauma Decompressive Craniectomy – Where We Are Today	Cerebrovascular The Role of the Cerebrovascular Neurosurgeon in the Endovascular Era	Skull Base Craniopharyngioma - A New Paradigm	Pediatrics Cerebrospinal Fluid Related Disorders	Peripheral Controversies in Peripheral Nerve Surgery	Video Session
10:00-10:30	Coffee break, Exhibition and Posters Viewing								
10:30-13:00	Opening Session & Keynote Lecture Plenary Session I								
13:00 - 14:30	Lunch break, Exhibition and Posters Viewing				Sponsored Session 1	Sponsored Session 2	Lunch break, Exhibition and Posters Viewing		

Jerusalem... where history meets science

14:30 - 15:30	Plenary Session II								
15:30 - 17:00	Complications 14:30 Major Complications Following Minor Procedures 15:30 Spinal Complications 16:30 Other Complications	Spine Oncology	Neuro-Oncology Meningiomas	Trauma Neurointensive Care – How Multinational Studies Will Influence Care:	Cerebrovascular Arteriovenous Malformation	Skull Base Skull Base Meningioma	Pediatrics Pediatric CNS Tumors		
17:00 - 17:30	Coffee break, Exhibition and Posters Viewing								
17:30 - 19:00	Plenary Session III								

Jerusalem... where history meets science

Wednesday, September 07, 2022

	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8
07:15-08:15	Functional & Epilepsy Epilepsy Surgery Workup	Spine Intradural Tumor Surgery	Neuro-Oncology Optimization of Quality of Life in Brain Tumor Patients – Going Beyond Standard Treatment	Trauma Trauma Management - What is Really Important and What's New	Cerebrovascular Aneurysm Surgery – Current Advanced Surgical Techniques	Skull Base Vestibular Schwannoma – How I do It?	Pediatrics Controversial Indications of Endoscopy in Children & Craniosynostosis	
08:30-10:00	Functional & Epilepsy Functional Neurosurgery for Neuropsychiatry	Spine Emerging Technologies	Neuro-Oncology Low Grade Glioma	Video Session	Cerebrovascular Cerebrovascular Bypass	Skull Base Vestibular Schwannoma	Pediatrics Pediatric CNS Tumors 2	BRAINS Symposia
10:00 - 10:30	Coffee break, Exhibition and Posters Viewing							
10:30-13:00	Plenary Session IV							BRAINS Symposia
13:00 - 14:30	Lunch break, Exhibition and Posters Viewing				Sponsored Session 3	Sponsored Session 4	Lunch break, Exhibition and Posters Viewing	

Jerusalem... where history meets science

14:30 - 15:30	Plenary Session V							
15:30 - 17:00	Functional & Epilepsy Functional for Movement Disorders	Spine Spinal Disasters	Neuro-Oncology Metastases	Video Session	Peripheral Brachial Plexus Reconstruction	Skull Base Complex Skull Base Tumor	Pediatrics Chiari, Tethered Cord and Skeletal Dysplasia	BRAINS Symposia
17:00 - 17:30	Coffee break, Exhibition and Posters Viewing							
17:30 - 18:30		Oral Session 1	Oral Session 2	Oral Session 3	Oral Session 4	Oral Session 5	Oral Session 6	BRAINS Symposia
20:00	Congress Gala							

Jerusalem... where history meets science

Thursday, September 08, 2022							
	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7
07:15-08:15	Functional & Epilepsy DBS Service – What Really is Necessary?		Neuro-Oncology Clinical Trials for Neurosurgeons	Trauma Concussion and Sports Injuries	Cerebrovascular Techniques in AVM Surgery	Skull Base Skull Base Meningioma	Pediatrics Tumors & TBI
08:30-10:00	Functional Epilepsy	Spine Spine Deformities	Nursing	Trauma Penetrating and Blast Injuries in War and Peace	Cerebrovascular Cavernoma	Skull Base Pituitary	Pediatrics Functional & General
10:00 - 10:30	Coffee break, Exhibition and Posters Viewing						
10:30 - 12:30	Plenary Session VI						
12:30 - 13:30	Lunch break, Exhibition and Posters Viewing						

Jerusalem... where history meets science

13:30-15:00	Functional & Epilepsy Pain	Spine Degenerative	Nursing	Neuro-Oncology Surgical Consideration for Functional Outcome and Cognition in Neuro-Oncology Patients	Cerebrovascular Cerebral Hemorrhage	Radiosurgery	Pediatrics Pediatric Epilepsy Surgery
15:00 - 15:30	Coffee break, Exhibition and Posters Viewing						
15:30 - 16:30	Plenary Session VII						
16:30 - 18:00		Oral Session 7	Oral Session 8	Oral Session 9	Oral Session 10	Oral Session 11	Oral Session 12

* Program is subject to change
